Day 1

08:00 Registration | Visit Exhibition Booths

09:00 Welcome Address by Chairperson of MARIM

09:15 AT MARIM, We Care

Keynote Address

09:30 Security Issues and Their Implications for Artificial Intelligence Development
by YBrs. Ir. Dr. Megat Zuhairy bin Megat Tajuddin, Chief Executive, National Cyber Security Agency (NACSA)

09:50 Networking Break | Visit Exhibition Booths

The Four Megatrends Risk Leaders Must Navigate

by Tim Dempsey, Chief Client Officer, Aon Malaysia

10:10 Explore how Trade, Technology, Weather, and Workforce megatrends are reshaping risks in Malaysia and the region. This session highlights how rising interconnectedness and volatility are expanding risk leaders' roles beyond insurance into strategic, operational, and people-focused decision-making.

Managing Risk in Conflict Environments: Real-World Lessons & Practical Tools

by Grant Strudwick, Director - Travel Risk Advisory; and Chris Garrett, Director - Client Solutions and Growth, Healix

10:50 Our speakers deliver on field-tested tools for navigating risk in conflict zones. Drawing on real-world case studies, it offers practical strategies for threat assessment, crisis communication, and adaptive decision-making.

Panel Session - The Speed of Now – Reinventing Risk Management in an AI-Driven World

Moderated by Datin Nik Sunita Azura, Founder & Principal Consultant, LiminalCode

11:30 Panellists Richard Ong, Head, Group Risk & Compliance, Sime Darby Berhad; Dr Faisha Shahrman, Head of Risk & Resilience, PLUS Malaysia Berhad

As AI compresses risk timelines, speed alone does not ensure resilience. This session explores how risk leaders balance real-time monitoring with governance discipline and intelligent pause to safeguard judgment, accountability, and organisational resilience.

12:30 Lunch

13:30 Networking | Visit Exhibition Booths

14:20 How the Insurance Market is Evolving to Handle AI & Cyber Risk

Insurance

Risk Management

15:00 Pitfalls in Construction Contracts & Insurance: What Every Project Manager Must Know

BURSA Sustainability Reporting Requirements for Public Listed Companies

15:40 Arranging Adequate Business Interruption (BI) Coverage: Practical Guidance for Risk Owners
by Andreea Ilie, Partner, MDD Forensic Accountants

Rethinking Cyber Resilience for a Borderless Enterprise
by Suresh Srinivasan, Group Head, Cyber Security & Data Privacy, Axiata

Learn from our expert on how misunderstood BI policy intricacies lead to coverage gaps—practical guidance for risk owners or advisors to arrange adequate protection.

Managing AI-era uncertainty requires moving beyond static design to “Security by Intent.” Learn how research, innovation, and automation can secure a borderless enterprise and help organizations outpace evolving cyber threats.

16:20 The Human Firewall : How to Stay Sane When Your Job is to Expect the Worst
by Zahira Sughra Zainuddin, CEO Chair, Vistage Malaysia & Singapore

In the AI era of cyber threats and volatility, risk models may be faster—but are you? This session explores burnout, anxiety, and hyper-vigilance as hidden risks, offering tools for personal resilience and wellbeing tailored to risk professionals.

17:00 Closing | Networking Break | Visit Exhibition Booths | Keys Distribution

19:00 Dinner | Risk Management Awards

08:00 Registration | Visit Exhibition Booths

09:00 **The Illusion of Speed: Why Fast Decisions Without Maturity Create Fragility**
by [Emelyn WS, Change & Culture Consultant](#)

This session challenges the assumption that faster is better. It explores how risk managers can respond to AI-driven acceleration not just with new tools, but with stronger discipline – balancing continuous monitoring with governance integrity & intelligent pauses.

09:45 **When Reality Breaks the Model: Designing Resilience into Business Advantage**
by [Lai Khok Kin, Account Manager, Client Service – South East Asia, FM](#)

During his session, our speaker will be sharing his insights on Intellium and data centre risks. In particular, he will focus on how data-driven insights and engineering-led approaches can bolster resilience for increasingly complex and critical facilities.

10:30 Networking Break | Visit Exhibition Booths

11:10 **The Chaos Advantage - A Blueprint for Building Teams that Thrive on Disruption**
by [Loshani Ravindranath, Managing Director & Regional Head of Risk & Control, Group Consumer & Digital Bank, CIMB](#)

This blueprint reframes chaos as a strategic asset. It offers practical tools to build adaptive, resilient teams that harness disruption for innovation. Essential for leaders seeking to transform uncertainty into competitive advantage and organizational growth.

11:50 **The Cyber Security Act 2024 & Its Impact on Risk Managers**
by [Jeremiah Abraham Selvaraj, Cybersecurity Solutions Consultant & Head of Business, Cyberarmour Asia Sdn. Bhd.](#)

Explore how Malaysia's Cyber Security Act 2024 shifts cybersecurity from an IT issue to strict legal liability. This session unpacks mandatory codes, severe penalties, and the critical 6-hour reporting rule, equipping risk managers to navigate compliance and protect institutions.

12:30 Lunch

13:30 Networking | Visit Exhibition Booths

14:30 Crisis Management at Machine Speed: Navigating AI & Social Media Dynamics

Panel Session - AI & Cyber Risk: Preparing Organizations for the Next Wave

Moderated by Jack See, Head of Malaysia, Swiss Re Corporate Solutions

15:10 Panellists Neelay Patel, Chief Executive Officer, Aon Malaysia

This strategic discourse explores AI-driven cyber threats, offering governance frameworks and response strategies to help organizations build resilient defenses against the next generation of digital risk.

16:10 The Growing Role of AI in Sustainable Development

Closing Remarks | Lucky Draw

16:00 Networking

End of Conference - See You Next Year!
