Conference 2013

The Conference was jointly organized with BCP Asia Pte Ltd (Singapore). The event was held at the Equatorial Hotel, Melaka where additional frills was thrown in for the delegates. The Conference was held from 4 – 6 September 2013 with the theme, “Securing the Future Through Risk and Resilience Management”.

The 2 ½ day event saw 19 renowned speakers from the risk management and business continuity fields sharing their expertise/knowledge and experiences. It was an excellent platform for business continuity practitioners and risk managers to gather knowledge and widen their network in the industry as it provided highly informative presentations and discussions as well as a ‘two-way’ interactive networking session.

This was a follow-up conference addressing risk management and business continuity as the holistic tool to secure current and future business resilience. The event was indeed timely and opportune as business and organizations in Asia are facing great challenges – keeping resilient to global risks.

The conducive environment and the ambience of the conference hall received the ‘thumbs up’ from the delegates; getting first-hand experience to “surviving a crisis”; a BCM simulation exercise on the first day. Come evening, the delegates got a joyride on the Beca/Trishaw which took them to Casa Del Rio for a sumptuous steamboat dinner by the Melaka river. Right after dinner, a riverboat cruise took the delegates along the beautifully lit Melaka river. It was indeed an experience to see the other side of Melaka; so to speak!

The Chief Minister of Melaka, YAB Datuk Wira Ir. Hj. Idris Bin Hj Haron was invited to give the keynote address but was unable to attend as he was away overseas. Nevertheless, his representative Dato’ Mahadeven spoke on his behalf extending his well wishes to all delegates to have an enriching experience throughout the conference and also to take home wonderful memories of Melaka. The day ended with a Gala Dinner and Awards presentation honouring the Best Risk Manager, top leaders in the Business Continuity field and also acknowledging the top achievers of the MARIM Student Chapter.

The final day saw another 4 speakers share their knowledge and experience and also a roundtable discussion on Risk Management and Business Continuity. The delegates enjoyed a sumptuous lunch before packing their bags and leaving for home.

MARIM wishes to express its appreciation to the sponsors for their continuous support: Allianz, Columbus Advisory, Pacific Insurance, Ace Jerneh, Anika Insurance Brokers, Etiqa, Tourism Malaysia and our media partner StrategicRisk and Hotel Equatorial, Melaka. Last but not least, we also extend our thanks to Bridge ICD for their role in ensuring the smooth running of the Conference.

Roundtable Discussion with StrategicRisk

Our media partner for the Conference, StrategicRisk held a roundtable discussion concurrent with the Conference where 15 of the top professionals from various Corporate Organizations in Malaysia sat in to discuss key risk issues facing companies in the region. This provided a useful opportunity for risk practitioners to meet with their peers and share knowledge and experiences plaguing the industry in Malaysia. The findings will be reported and published in the first edition of StrategicRisk Asia magazine in early 2014.

MARIM Golf Tournament 2013

The annual Golf tournament was held on 19 October 2013 at the Bukit Kemuning Golf and Country Resort. This time around, a field of 48 golfers (12 flights) took part. The players came as early as 6.00am to register their participation. The first tee-off was just after breakfast at 8.00am. The weather was very kind and the golfers had a great field day. The much awaited event saw some new faces and this was also a good platform for members and others to get to know each other and network. The tournament ended with lunch and prize presentation.

Besides the winners, every other player also received a consolation prize to take home. A big 'Thank You' to the sponsors Labuan Re and UMW and to all golfers for their kind support towards MARIM.

Lim Choong Wei
Universiti Utara Malaysia

First of all, I found myself extremely honored to receive this *Best Student Award*. For me, set the goal is important step to make a person success. Before this, I keep telling myself that I will be this award owner one day later. Now, I have achieved it because I had set the right goal. Even though I had faced a several challenges, I just treated them as one of the way to strengthen myself.

At the end of my speech, I would like to take this opportunity to thank all my lecturers from Universiti Utara Malaysia and my parents who had been supported me all the ways. Without them, maybe I will not get this award and attend the Risk Management Conference which is very beneficial for me. Thousand thanks also give to MARIM and Malaysian Re because sponsored for MARIM - Malaysian Re Student Award.

This year again I am very lucky to get invited to join one of the biggest event organized by MARIM. I would like to take this opportunity to thank Malaysia RE and MARIM who gave me opportunity to win Best Student Award for Intake Session 2010/2011. Regardless of studying or working, I will always look at the benefit that I can gain from it and from there I start putting my effort on. I also believe that power of knowledge is everything in life and determination to gain knowledge is the key to successful in life.
